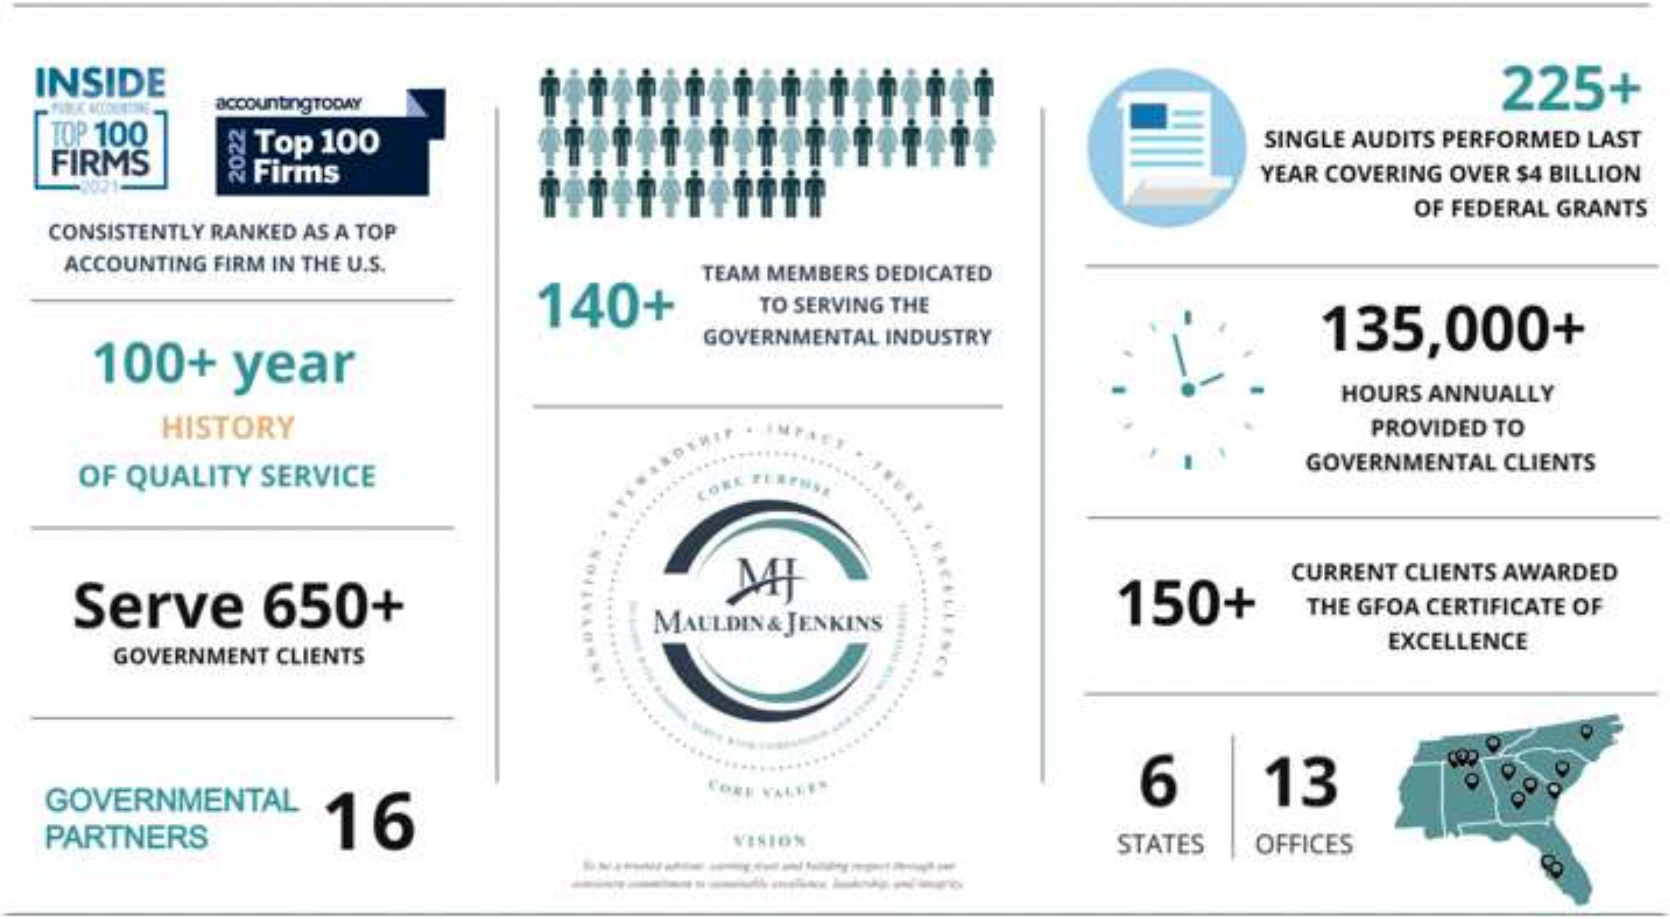
Presentation of Audit Results
September 30, 2024

Agenda

- Engagement Team
- Overview of:
  - Audit Opinion
  - Compliance Report
  - Audit Scopes and Procedures
- Required Communications
- Financial Trends
- Accounting Recommendations and Related Matters
- Answer Questions



Engagement Team Leaders

- Josh Carroll, Engagement Partner | Doug Moses, Quality Review Partner

Audit Opinion

- **Our Responsibility Under Auditing Standards Generally Accepted in the United States of America (GAAS)**
  - We considered the internal control structure for the purpose of expressing our opinion on the City of Fairburn, Georgia's (the "City") basic financial statements and not for the purpose of providing an opinion on the effectiveness of internal controls.
  - Our audit was performed in accordance with GAAS and *Government Auditing Standards*.
  - Our objective is to provide reasonable—not absolute—assurance that the basic financial statements are free of material misstatement.
  - The basic financial statements are the responsibility of the City's management.
- **Report on Basic Financial Statements**
  - Unmodified ("clean") opinion on basic financial statements.
  - Presented fairly in accordance with accounting principles generally accepted in the United States of America.
  - Our responsibility does not extend beyond financial information contained in our report.

Compliance Report and Audit Scopes and Procedures

- **Compliance Report**
  - The financial report package contains a report on our tests of the City's internal controls and compliance with laws, regulations, etc. The report is not intended to provide an opinion on internal controls and compliance with applicable rules and regulations.
  - This report and the procedures performed are required by *Government Auditing Standards*.
  - Report on compliance with major federal grant programs (single audit).

- **Audit Scopes and Procedures (Governmental Audit Programs Utilized in All Areas)**
  - Confirmed receivables, cash, debt and other elements.
  - Vouched substantiated additions of capital assets, balances of construction in progress, and vouched significant retainage payable.
  - Performed a search for unrecorded liabilities via review of unpaid vouchers and subsequent disbursements.

Required Communications

• Significant Accounting Policies

- Management is responsible for the selection and use of appropriate accounting policies.
- The significant accounting policies used by the City are described in Note 1 to the respective basic financial statements.
- The policies used by the City are in accordance with generally accepted accounting principles.
- In considering the qualitative aspects of its policies, the City is not involved in any controversial or emerging issues for which guidance is not available.

• Management Judgment/Accounting Estimates

- Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events.
- The City uses various estimates as part of its financial reporting process – including actuarial assumptions.

Required Communications (Continued)

- **Relationship with Management**
  - We received full cooperation from the City's management and staff.
  - There were no disagreements with management on accounting issues or financial reporting matters.
- **Management Representation**
  - We requested, and received, written representations from management relating to the accuracy of information included in the financial statements and the completeness and accuracy of various information requested by us.
- **Consultation with Other Accountants**
  - To the best of our knowledge, management has not consulted with, or obtained opinions from, other independent accountants during the year, nor did we face any issues requiring outside consultation.
- **Significant Issues Discussed with Management**
  - There were no significant issues discussed with management related to business conditions, plans, or strategies that may have affected the risk of material misstatement of the financial statements.

Required Communications (Continued)

- **Audit Adjustments**
  - There were no unrecorded or passed audit adjustments.
- **Financial Statement Disclosures**
  - The footnote disclosures to the financial statements are also an integral part of the financial statements and the process used by management to accumulate the information included in the disclosures was the same process used in accumulating the statements. The overall neutrality, consistency, and clarity of the disclosures was considered as part of our audit.
- **Information in Documents Containing Audited Financial Statements**
  - Our responsibility for other information in documents containing the City's basic financial statements and our report thereon does not extend beyond the information identified in our report. If you intend to publish or otherwise reproduce the financial statements and make reference to our firm, we must be provided with printer's proof for our review and approval before printing. You must also provide us with a copy of the final reproduced material for our approval before it is distributed.
- **Auditor Independence**
  - In accordance with AICPA professional standards, M&J is independent with regard to the City and its financial reporting process.

Comments & Recommendations

- **Procurement, Suspension, Debarment – Assistance Listing No. 21.027 (Finding 2024-001)**
  - During our testing of the Coronavirus State and Local Fiscal Recovery Funds, it was discovered that the City did not verify whether two (2) contractors were noted as excluded on the Federal government's suspension and debarred lists.

Comments & Recommendations (Continued)

- **Old Outstanding Checks –** During our testing of the cash reconciling items, we noted the City was continuing to carry old outstanding checks which were over five (5) years outstanding. We identified four hundred forty (467) checks totaling $83,650 which were outstanding for over five (5) years. We recommend the City evaluate the current status of these checks and ensure any currently outstanding amounts are remitted to the Georgia Department of Revenue in accordance with the State's Escheat laws. Per discussion with management, we understand that as of fieldwork, the City is in the process of bringing these checks into accordance with the State's escheat laws.

- **Disbursements–** During our testing of the City's disbursements, we noted one (1) disbursement from a sample of twenty-five (25) for which the City was unable to locate a supporting invoice for the disbursement. We recommend the City maintain support for all transactions for at least the annual audit period.

- **Accounts Payable –** During our testing of the City's disbursements subsequent to September 30, 2024, we noted that there was one invoice for $45,850 in the Grant Fund that was not properly reported as accounts payable at September 30, 2024. As the services were for the period ending September 30, 2024, this amount should have been recorded as accounts payable at September 30, 2024. We recommend the City review invoices paid after year end to ensure amounts are posted to the proper period.

Governmental Advisory Services

Core Offerings

Strategy

Develops and defines the future vision, goals, and objectives

- Innovation
- Long-Term Planning
- Organization Management
- Workforce of the Future Planning
- Internet of Things/Market Disruptors Assessment
- Artificial Intelligence/Robotics

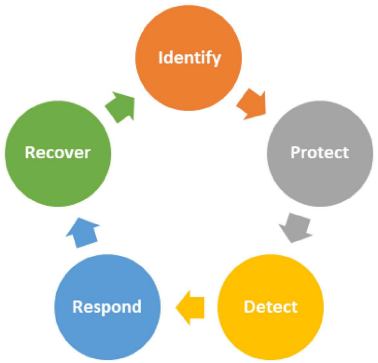
- Project Management
- Independent Verification & Validation
- Management/Dashboard Reporting

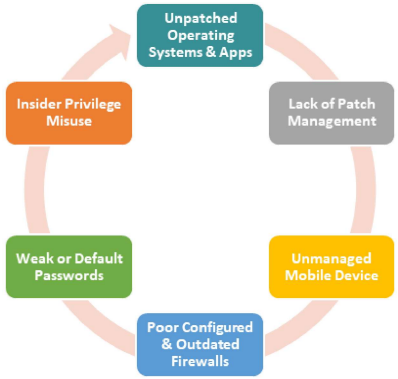
IT and Cybersecurity Solutions

- **Cybersecurity Framework Engagements**
  - Performed as either a SOC for Cybersecurity under AICPA attestation standards, or as a consulting engagement under AICPA consulting standards.



- **System Vulnerability Assessment Engagements**
  - Process of defining, identifying, classifying and prioritizing vulnerabilities in computer systems, applications and network infrastructures, and providing an assessment with necessary knowledge, awareness and risks to understand the threats to determine appropriate reactions.

- **Penetration Testing Engagements**
  - Practice of testing a computer system to find security vulnerabilities that a hacker/attacker could exploit using automation or manual applications.



New Accounting Pronouncements

- ## New GASB Pronouncements for Future Years

  - **Statement No. 101, Compensated Absences** was issued in September 2022 and is effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter. This statement requires that a liability for certain types of compensated absences—including parental leave, military leave, and jury duty leave—not be recognized until the leave commences. This statement also requires that a liability for specific types of compensated absences not be recognized until the leave is used.

  - **GASB Statement No. 102, *Certain Risk Disclosures*** was issued in December 2023 and is effective for fiscal years beginning after September 15, 2024, and all reporting periods thereafter. Earlier application is encouraged. This statement requires a government to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact. Additionally, this Statement requires a government to assess whether an event or events associated with a concentration or constraint that could cause the substantial impact have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial statements are issued.

  - **GASB Statement No. 103, *Financial Reporting Model Improvements*** was issued in April 2024 and is effective for fiscal years beginning after September 15, 2025, and all reporting periods thereafter. Earlier application is encouraged. The requirements for MD&A will improve the quality of the analysis of changes from the prior year, which will enhance the relevance of that information. They also will provide clarity regarding what information should be presented in MD&A. The requirements for the separate presentation of unusual or infrequent items will provide clarity regarding which items should be reported separately from other inflows and outflows of resources. The definitions of operating revenues and expenses and of nonoperating revenues and expenses will replace accounting policies that vary from government to government, thereby improving comparability. The addition of a subtotal for operating income (loss) and noncapital subsidies will improve the relevance of information provided in the proprietary fund statement of revenues, expenses, and changes in fund net position. The requirement for presentation of major component unit information will improve comparability. The requirement that budgetary comparison information be presented as RSI will improve comparability, and the inclusion of the specified variances and the explanations of significant variances will provide more useful information for making decisions and assessing accountability.

New Accounting Pronouncements

- **New GASB Pronouncements for Future Years**

  - **Statement No. 104, Disclosure of Certain Capital Assets** was issued in September 2024 and is effective for fiscal years beginning after September 15, 2025, and all reporting periods thereafter. The objective of this Statement is to clarify which types of capital assets must be disclosed separately in the notes to the financial statements as well as to establish disclosure requirements for capital assets that are held for sale.

  - **Other Pending or Current GASB Projects**. As noted by the numerous pronouncements issued by GASB over the past decade, the GASB continues to research various projects of interest to governmental units. Subjects of note include:

  - **Going Concern Uncertainties and Severe Financial Stress** is a major project where the goal is to address issues related to disclosures regarding going concern uncertainties and severe financial stress. The project will consider (1) improvements to existing guidance for going concern considerations to address diversity in practice and clarify the circumstances under which disclosure is appropriate, (2) developing a definition of severe financial stress and criteria for identifying when governments should disclose their exposure to severe financial stress, and (3) what information about a government's exposure to severe financial stress is necessary to disclose. This technical topic is being examined by the GASB due to a wide diversity in practice regarding required presentation on the face of the financial statements, disclosures, etc. A preliminary views document on this topic is expected by late 2024 with an exposure draft to follow in 2025.

  - **Going Concern Uncertainties and Severe Financial Stress** is a major project where the goal is to address issues related to disclosures regarding going concern uncertainties and severe financial stress. The project will consider (1) improvements to existing guidance for going concern considerations to address diversity in practice and clarify the circumstances under which disclosure is appropriate, (2) developing a definition of severe financial stress and criteria for identifying when governments should disclose their exposure to severe financial stress, and (3) what information about a government's exposure to severe financial stress is necessary to disclose. This technical topic is being examined by the GASB due to a wide diversity in practice regarding required presentation on the face of the financial statements, disclosures, etc. A preliminary views document on this topic is expected by late 2024 with an exposure draft to follow in 2025.

New Accounting Pronouncements (Continued)

- **New GASB Pronouncements for Future Years (Continued)**
  - Other Pending or Current GASB Projects:
    - **Subsequent Events—Reexamination of Statement 56** is a project that will improve the accounting and financial reporting for subsequent events. The project will reexamine existing requirements related to subsequent events in Statement No. 56, Codification of Accounting and Financial Reporting Guidance Contained in the AICPA Statements on Auditing Standards, to address issues related to (1) confusion about and challenges associated with applying the existing standards, (2) inconsistency in practice in the information provided about subsequent events, and (3) the usefulness of the information provided about subsequent events. Exposure draft on this topic is expected by 2025.
    - **Revenue and Expense Recognition** is a major project where the overall objective is to develop a comprehensive, principles-based model that would establish categorization, recognition, and measurement guidance applicable to a wide range of revenue and expense transactions. Achieving that objective will include: (1) development of guidance applicable to topics for which existing guidance is limited, (2) improvement of existing guidance that has been identified as challenging to apply, (3) consideration of a performance obligation approach to the GASB's authoritative literature, and (4) assessment of existing and proposed guidance based on the conceptual framework. The expected outcome of the project is enhanced quality of information that users rely upon in making decisions and assessing accountability. The GASB is currently reviewing comments and other input received from the stakeholder community during the preliminary views stage that was completed in 2021. An exposure draft is expected in early 2025.

Govt. Clients – Free Quarterly Continuing Education

• Since March of 2009 – For Over 14 Years !!

- Mauldin & Jenkins provides free quarterly continuing education for all of our governmental clients. Topics are tailored to be of interest to governmental entities. In an effort to accommodate our entire governmental client base, we offer the sessions several times per quarter at a variety of client provided locations resulting in greater networking and knowledge sharing among our governmental clients. We normally see approximately 180 people per quarter. Examples of subjects addressed in the past few quarters include:

- Accounting for Debt Issuances
- Achieving Excellence in Financial Reporting
- Best Budgeting Practices, Policies and Processes
- Budget Preparation
- ACFR Preparation (two (2) day hands-on course)
- Capital Asset Accounting Processes and Controls
- Collateralization of Deposits and Investments
- Component Units
- Cybersecurity Risk Management
- Evaluating Financial and Non-Financial Health of a Govt.
- Financial Report Card – Where Does Your Govt. Stand?
- Financial Reporting Model Improvements
- GASB Nos. 74 & 75, OPEB Standards
- GASB No. 77, Tax Abatement Disclosures
- GASB No. 84, Fiduciary Activities
- GASB Projects & Updates (ongoing & several sessions)
- Human Capital Management
- Grant Accounting Processes and Controls
- Internal Controls Over Accounts Payable, Payroll and Cash Disbursements
- Internal Controls Over Receivables & the Revenue Cycle
- IRS Issues, Primarily Payroll Matters
- Legal Considerations for Debt Issuances & Disclosures
- Policies and Procedures Manuals
- Segregation of Duties
- Single Audits for Auditees
- Special Purpose Local Option Sales Tax (SPLOST)
- Accounting, Reporting & Compliance
- Uniform Grant Reporting Requirements and the New Single Audit
